Order entered: 02/20/2020

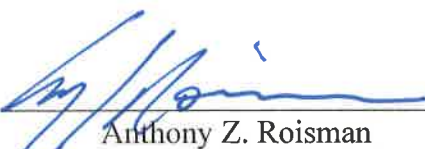

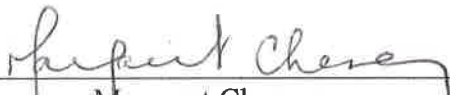

**CERTIFICATE OF PUBLIC GOOD ISSUED**  
**PURSUANT TO 30 V.S.A. SECTION 248a**

IT IS HEREBY CERTIFIED that the Vermont Public Utility Commission (“Commission”) this day found and adjudged that the proposed site preparation, construction, operation, and maintenance of telecommunications equipment (the “Project”) by New Cingular Wireless PCS, LLC, d/b/a AT&T Mobility (“CPG Holder”) at 581 Stewart Road South in Mount Holly, Vermont, will promote the general good of the State, subject to the following conditions:

1. Site preparation, construction, operation, and maintenance of the Project shall be in accordance with the plans and evidence submitted in this proceeding. Any material deviation or substantial change in the Project is prohibited without prior Commission approval. Failure to obtain advance approval from the Commission for a material deviation or substantial change from the approved plans may result in the assessment of a penalty pursuant to 30 V.S.A. §§ 30 and 247.
2. The Project shall comply with applicable existing and future statutory requirements and Commission Rules and Orders.
3. The CPG Holder shall pay all invoices (if any) from any State agency that (a) are related to this proceeding and (b) are not still under review by the Commission.
4. This Certificate of Public Good shall not be transferred without prior approval of the Commission.
5. The Project shall avoid impacts to Class II wetlands and 50-foot wetlands buffer zones or the CPG Holder shall obtain a Vermont Wetlands Permit for any activity that is not an Allowed Use designated in Section 6 of the Vermont Wetland Rules.

6. The CPG Holder shall maintain an undisturbed, naturally vegetated riparian zone along the unnamed stream west of the Project access road, except within the existing road footprint and the stream crossing indicated on Exhibit 5R, and except for the removal of non-native invasive plants given prior written approval by the Agency of Natural Resources. The riparian zone shall be measured inland, perpendicular to and horizontally 50-feet from the top-of-bank and extends to the water's edge at base flow conditions. The term "undisturbed" means no activities that may cause or contribute to ground or vegetation disturbance, or soil compaction.

Dated at Montpelier, Vermont, this 20th day of February, 2020.
